Welch Allyn
Scale-Tronix® Integrated Scales

When integrating a scale into your healthcare facility, you need to trust that it will provide fast, dependable weight measurement that meets your current and future needs.

Scale-Tronix in-floor integrated scales are recessed in the ground, making the platforms level with the floor for easy-access, multi-purpose weighing. The Scale-Tronix 5102 integrated scale displays weight on a stainless steel, wall-mounted digital readout that makes it easy for clinicians to read and accurately record measurements.

Designed to help reduce fall risks for patients while improving clinical workflows—it's what has made **Scale-Tronix a trusted brand for healthcare environments.**

Welch Allyn®

Durable. Long Lasting. Designed for Demanding Healthcare Environments.

5102 Physician's Stand-On Scale

- Low-profile platform with wall-mounted digital readout

6102 Flush-Mounted In-Floor Scale

- For wheelchair, chair and stand-on weighing
- Level with floor to help reduce fall risk and improve ease of access
- Bright, easy-to-read display

6154 Flush-Mounted In-Floor Scale

- Designed to easily weigh patients on stretchers

Find the Right Scale for You
