

Easy StandMat – textile stand mat for the office

Ergopartner

PRODUCT INFORMATION

Easy StandMat is a smart and modern functional stand mat that creates healthy posture and prevent back problems, foot and leg discomfort and back issues. Usable with regular shoes, barefoot or high heels and due to textile propylene surface, it is very comfortable.

Easy StandMat, has a soft yet firm enough core in environmental friendly polyurethane material for optimal support and long lasting ergonomic prevention. With its surface in designed textile polypropylene it blends in into the modern office with height adjustable desks, receptions and public areas.

Easy StandMat is equipped with an eyelet so it is easy to hang up with the Ergopartner-Hook on the desk when not in use.

The eyelet together with the hook also makes Easy StandMat the first choice for activity based offices. Due to the choice of materials in this functional mat it is 100% free from PVC and phthalates and thus makes it the obvious choice for the environmentally concerned.
